# Firefox

## A faster, safer and more secure web browser

*"More secure and more modern than IE... features the Microsoft browser can't touch... I suggest dumping Microsoft's Internet Explorer Web browser..."*

- Wall Street Journal

*"A Web browser that is fast and filled with features that Microsoft's stodgy Internet Explorer lacks..."*

- New York Times

*"Microsoft's dominance of the Web browser market faces a fresh challenge..."*

- CNN

*"Microsoft's Internet Explorer has a serious rival.... [Firefox] is steadily winning people away..."*

- BBC

*"I have no idea whether Microsoft Chairman Bill Gates stays up at night worrying about his empire but, if he does, he may very well be losing sleep over the Mozilla Foundation..."*

- CBS News

*"I took the Firefox plunge and have been happily using Firefox for several months – problem free..."*

- ABC

*"Better than Explorer by leaps and bounds... Microsoft should be worried..."*

- Forbes

*"Security experts are recommending people ditch Microsoft's Internet Explorer and seek an alternate browser... Beware of spyware. If you can, use the Mozilla Firefox browser..."*

- USA Today

*"Internet Explorer, you're fired.... Firefox leaves no reason to endure Internet Explorer...anybody using Internet Explorer should switch to Firefox today. Seriously... it would be lunacy to stick with IE..."*

- Washington Post

Free to download. Free to use. *Free forever.*  
Stop pop-ups and spyware. **Take Back the Web**
